## *Complimentary 30-Minute Consultation*

*Talk to us about your project.  
We are here to listen, understand,  
and help you find practical solutions that work.*

# OUR PURPOSE

Across the industry, the same challenges continue to reappear:

- ➡ Poorly planned and fragmented contracts
- ➡ Incomplete and inconsistent records
- ➡ Delayed decisions and unclear responsibilities
- ➡ Misunderstood risks and unbalanced allocation
- ➡ Reactive claims and unnecessary disputes
- ➡ Lessons identified but rarely implemented

At **QTC**, we help prevent these issues before they damage progress.

We bring **structure, clarity, and accountability** to how projects are planned and managed.

We believe problems should be simplified, not made more complicated. Taking a step back often reveals the root cause and helps both parties reach fair and practical outcomes.

## Our client's business is our business.

We plan and deliver with one purpose to protect value and achieve success for both the organisation and the project.

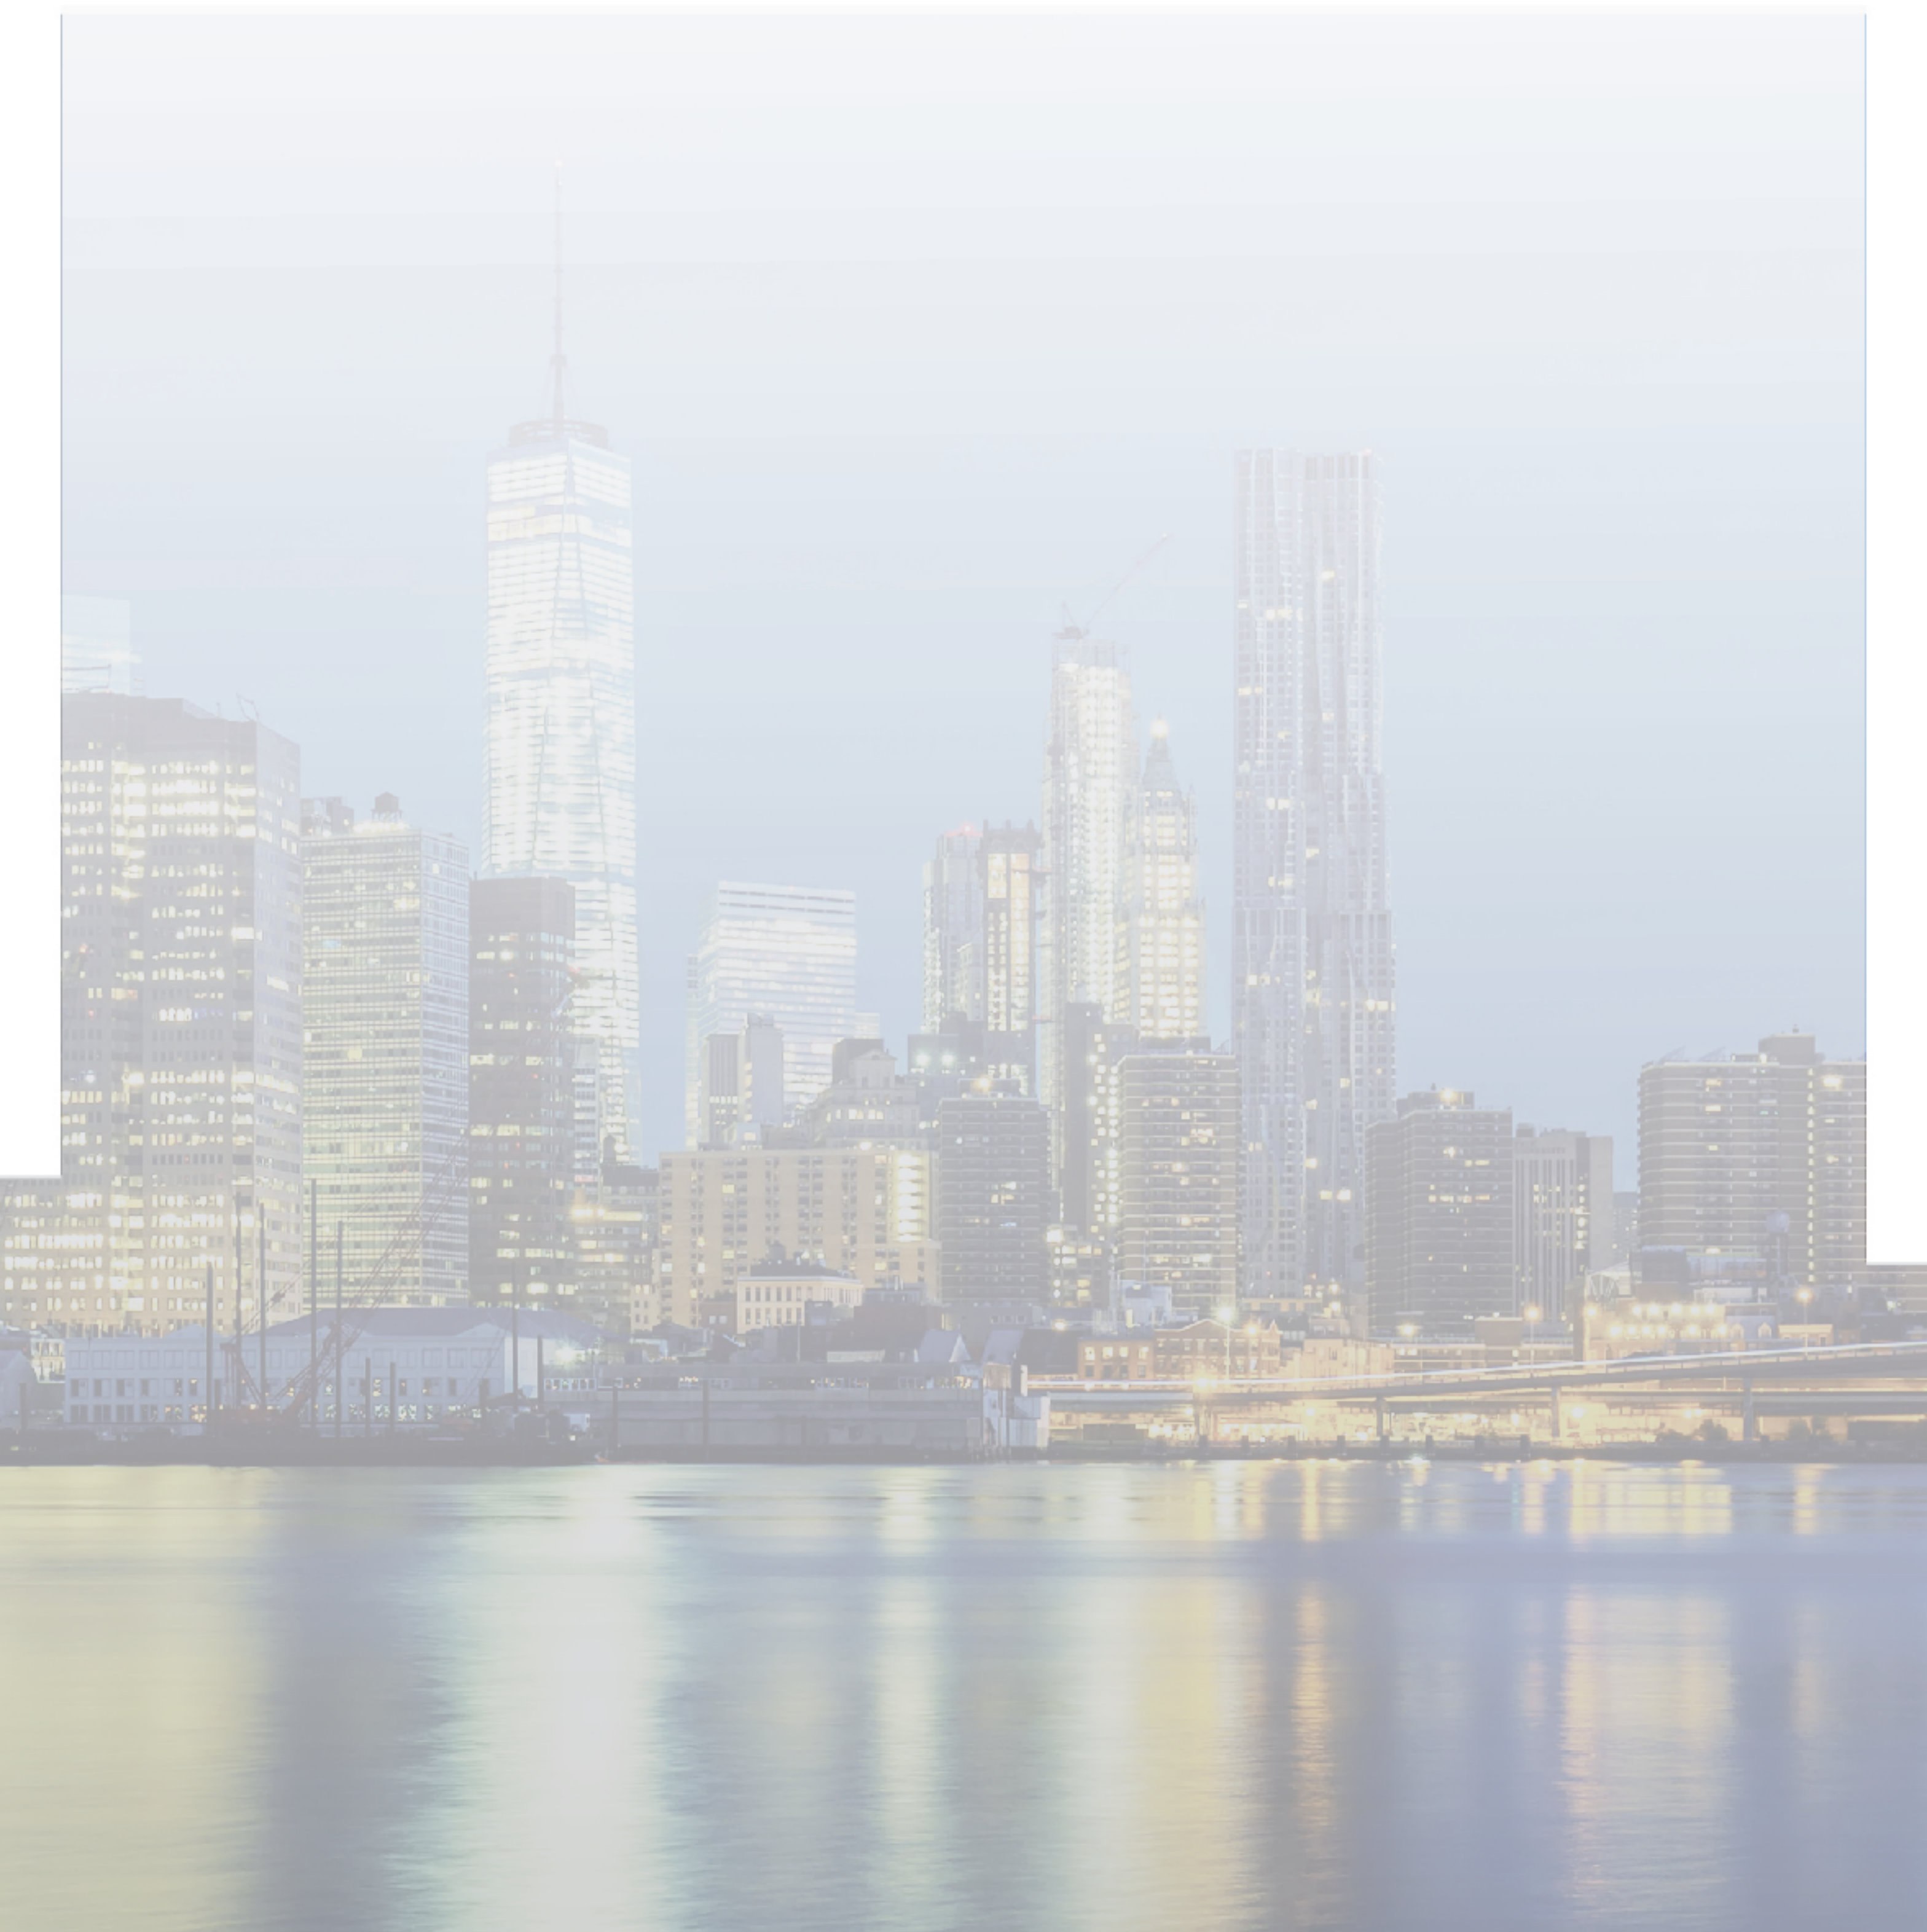

# WHO WE ARE

QTC is a British consultancy of chartered professionals in **project management, commercial management, contracts, and dispute resolution** supported by the next generation of construction professionals

We understand the realities of both the **client** and **contractor** sides. Our advice is grounded in experience, guided by good practice, and focused on practical solutions that work in the real world.

We help teams manage risk, control cost, and achieve outcomes that stand the test of time.

# WHAT WE DO

## Pre-Contract

- Feasibility and budget development
- Procurement and contract strategy
- Risk assessment and mitigation

## Delivery

- Project and commercial management
- Contract drafting, negotiation, and administration
- Cost control, forecasting, and change management

## Close-Out

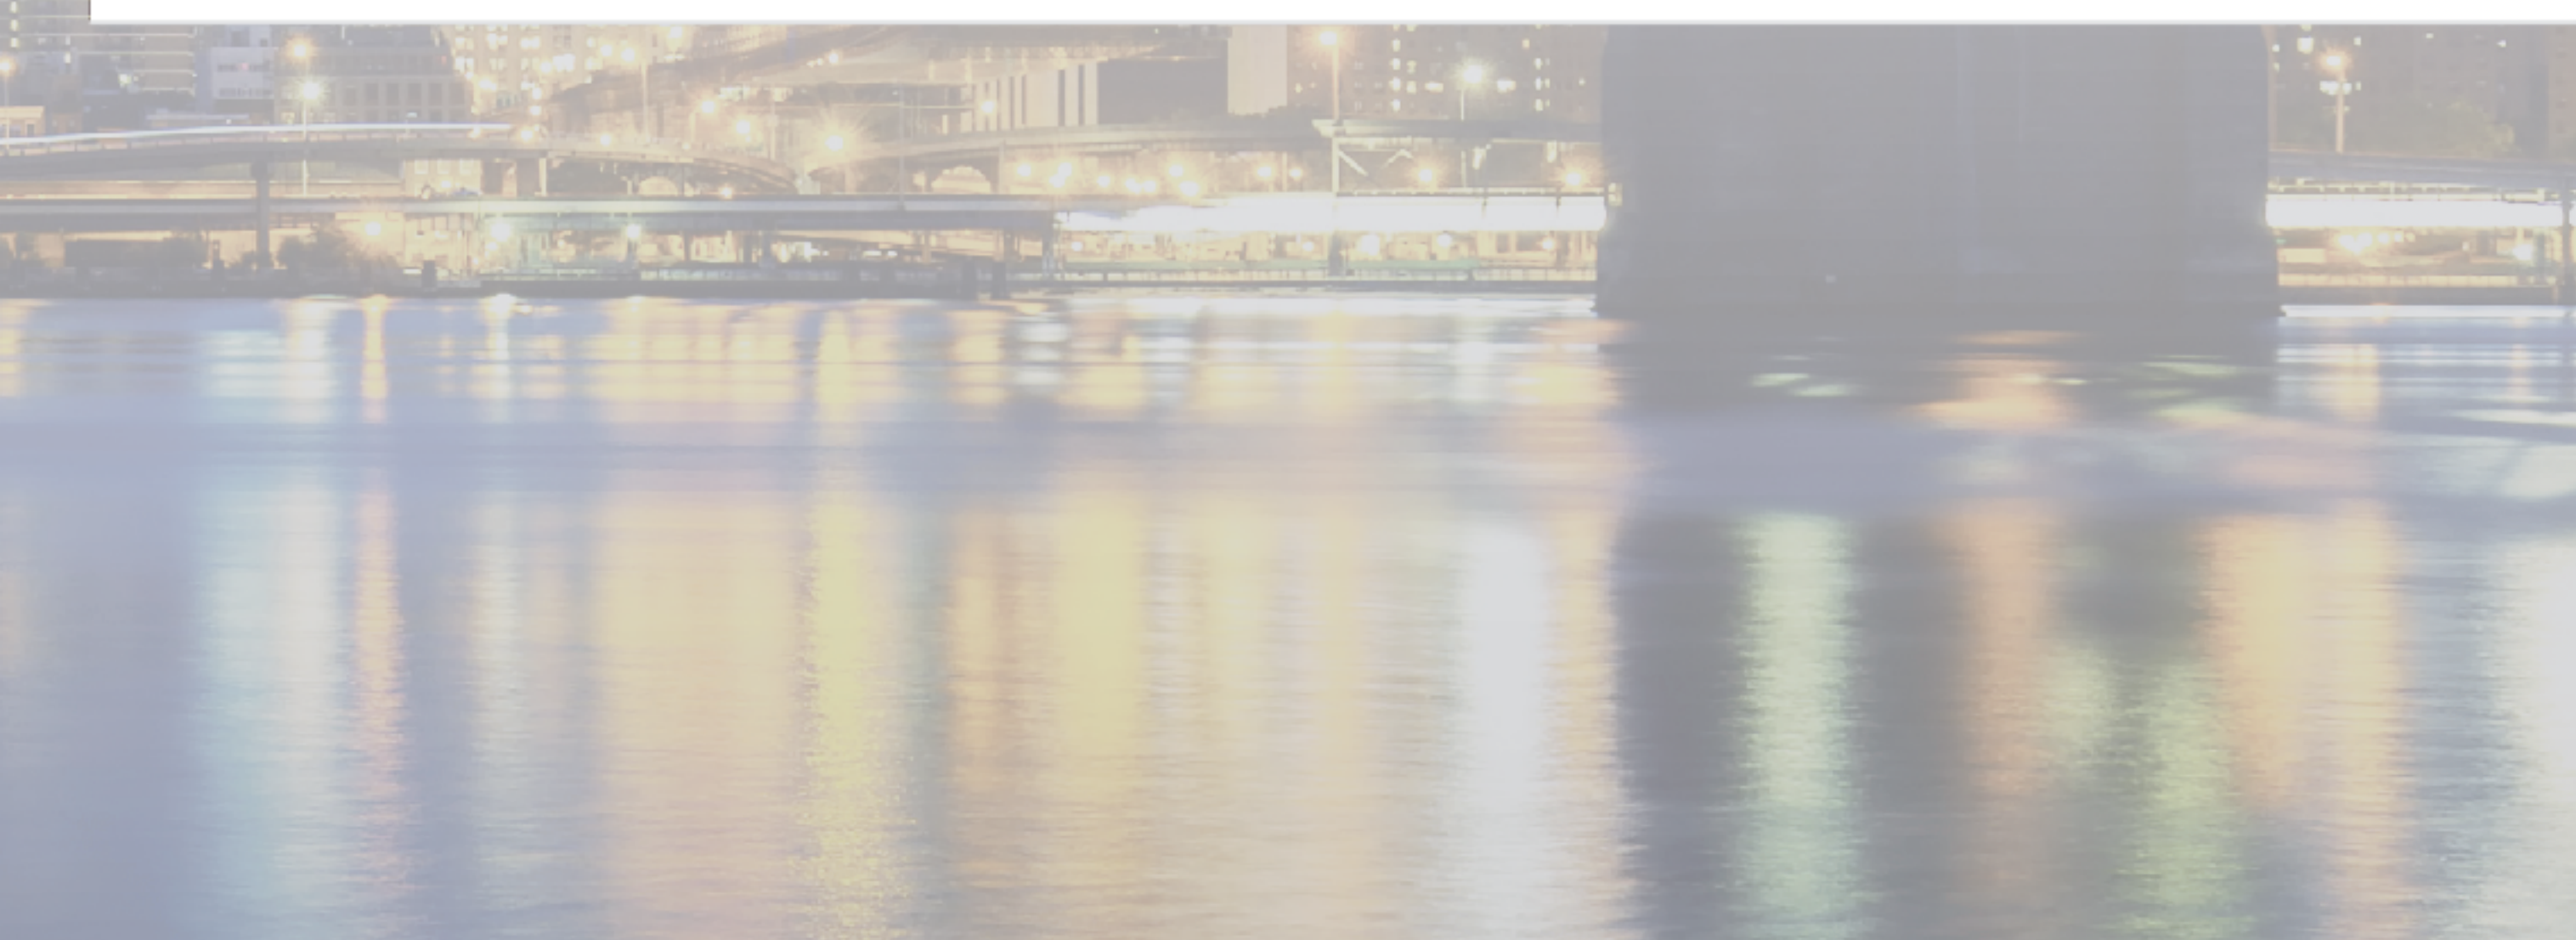

- Audits and final accounts
- Lessons learned and improvement reviews

## Specialist Support

- Contract advisory and compliance
- Dispute avoidance and resolution

## Professional Resource and Delivery Support

- Provide experienced and qualified professionals for specific project assignments.
- Deploy a dedicated QTC team to deliver complete projects.

# QTC ACADEMY

## Sharing Knowledge, Building Capability

The **QTC Academy** is our way of giving back to the industry.

We want to help raise professional standards and strengthen future generations by turning project experience into practical learning.

## Our Principle

***"Knowledge is not a possession. It is a responsibility, fulfilled only by sharing it."***

Through the Academy, we provide structured coaching and mentoring focused on **real life application**.

We aim to help people think critically, act ethically, and deliver with confidence.

## Programmes

- Professional coaching and mentoring
- Graduate and early-career development
- Corporate CPD and APC support
- Bespoke training for project and commercial teams

By sharing what we have learned, we contribute to a stronger, more capable construction industry for the future.

## OUR PROMISE

- ➡ Honest, independent advice based on experience
- ➡ Protection of time, cost, and quality objectives
- ➡ Knowledge that strengthens your organisation
- ➡ Success measured through trust and performance

## Book your complimentary 30-minute consultation

Let us understand your challenges and explore how QTC can help deliver better results.

# Quality. Time. Cost

Our foundation, your advantage.
